CITATION

IsDB PRIZE FOR IMPACTFUL ACHIEVEMENT IN ISLAMIC ECONOMICS

KNOWLEDGE CONTRIBUTION (1445H, 2024)

Professor Mehmet Asutay

Professor Asutay’s knowledge contributions emphasize reconstituting Islamic economics in the form of an Islamic moral economy by essentializing an extended stakeholder-based governance system to ensure the moral grounds of the economic system.

An overall theme of the multidisciplinary research of Prof. Asutay relates to the articulation of Islamic finance to be supportive of sustainable development and the well-being of human beings. His empirical research resonates with and articulates the conceptual and theoretical reconstruction he attempts in his research.

The original contributions of Prof. Asutay have tangible policy implications with practical applications in Member Countries and Muslim communities worldwide.

In recognition of his novel work on Islamic moral economy, the IsDB Prize Selection Committee decided to award the IsDB 1st Prize for Impactful Achievement in Islamic Economics, Knowledge Contribution Category 1445H (2024G), to Prof. Dr. Mehmet Asutay.
